

CSW8

Ceiling Subwoofer

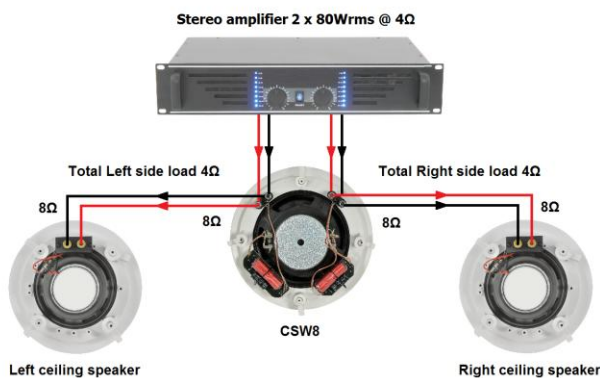

Item ref: 952.544UK

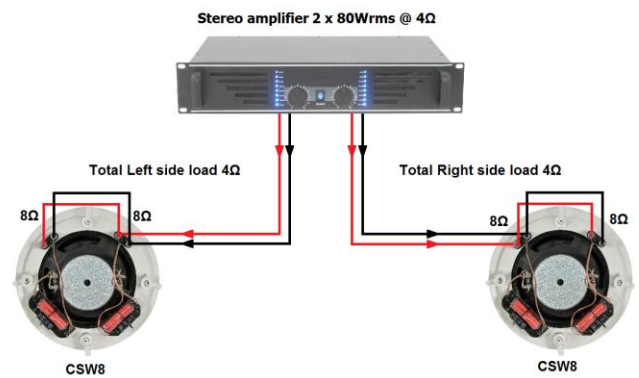

The Adastra CSW8 is a dedicated ceiling subwoofer with high output 200mm (8") driver and dual filters for stereo compatibility.

The dual coils of the CSW8 can be wired independently in parallel with a stereo pair of ceiling speakers to form a full range 2.1 system or alternatively, bridging the + and - contacts connects the 2 x 8Ω coils together to provide a 4Ω sub unit.

WIRING CSW8 AS PART OF A 2.1 STEREO SYSTEM

WIRING 2 X CSW8 AS 4Ω SUBWOOFERS

Installation

Ensuring that the installation area will be able to support the 2.11kg weight, prepare the ceiling by cutting out a 240mmØ hole. Feed speaker wires through the hole and connect to the relevant spring terminals, observing correct polarity. Remove the front grille of the CSW8 and carefully insert the CSW8 into the cutout hole. Turning the 4 screws on the inside edge of the trim will rotate and draw in the 4 dog-ear clamps until the CSW8 is secure in the ceiling. A strip of white sealant is provided with the speaker which should be applied to the grille prior to fitting to avoid it coming loose.

Specifications

Power handling - RMS	2 x 40W or 1 x 80W
Power handling - Max	2 x 80W or 1 x 160W
Impedance	2 x 8 Ohms or 1 x 4 Ohms
Frequency response	39 - 350Hz
SPL @ 1W/1m	82dB
Voice coil	35mmØ (dual wound)
Driver	200mm (8") coated paper
Magnet weight	488g (17.2oz)
Connections	2 pairs spring terminal
Mounting depth	90mm
Cutout	240mmØ
Dimensions	101 x 271mmØ
Weight	2.11kg
