

CAUTION
RISK OF ELECTRIC SHOCK
DO NOT OPEN

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK,
DO NOT REMOVE COVER (OR BACK).
NO USER-SERVICEABLE PARTS INSIDE.
REFER SERVICING TO QUALIFIED PERSONNEL.

The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.

IMPORTANT SAFETY INSTRUCTIONS - Read before operating equipment

1. **Read these instructions** - All the safety and operating instructions should be read before the appliance is operated.
2. **Keep these instructions** - The safety and operating instructions should be retained for future reference.
3. **Heed all warnings** - All warnings on the appliance and in the operating instructions should be adhered to.
4. **Follow all instructions** - All operating and use instructions should be followed.
5. **Do not use this apparatus near water** - For example, near a bathtub, washbowl, kitchen sink, laundry tub, in a wet basement or near a swimming pool, etc.
6. **Care** - From time to time you should wipe the front and rear panels and enclosure with a soft cloth. Do not touch drivers! For heavier dirt, dampen a soft cloth in a weak solution of mild detergent and water, wring it out dry, and wipe off the dirt. Following this, dry immediately with a clean cloth. Do not use rough material, alcohol or other chemical solvents or cloths since these could damage the finish or remove the panel lettering.
7. **Install in accordance with the manufacturers instructions**. **Do not block any of the ventilation openings**. For the safety of persons and property, this apparatus should not be installed near or over a fire hazard, such as a fireplace, furnace, radiator, or other heat source, or near a built-in installation, such as a bookcase or cabinet that may impede the flow of air through the ventilation openings.
8. **Do not install near any heat sources** such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. **Unplug this apparatus** during lightning storms or when unused for long periods of time.
10. **Refer all servicing** to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
11. **Warning!** To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.

manual
